

FIRST TIME JUMPERS

You deserve the BEST so come join our World Class Instructors and experience the thrill of a lifetime!

After a short briefing you and your Instructor will take to the skies. You will climb in the aircraft to 13,000 feet (weather permitting) and free fall for almost 1 minute. You will have the sensation of being on your own. After you open the parachute, the instructor offers guidance as you fly the parachute together. A tandem jump is a great way to experience the adventure of skydiving while under close supervision of an experienced Instructor.
